

10 September 2004

Mr. Luke Gillian  
15 Sara Street  
**POINT LONSDALE VIC 3225**

Dear Luke

### **Waving the Flag**

Thank you for your letter dated 22 July addressed to the Chairman, in which you outline the objectives and activities Waving the Flag supporter group.

Cricket Australia is aware of your support for the Australia cricket team, as demonstrated over a number of years through travelling around the world attending matches in which the Australian team participates.

One of Cricket Australia's four strategic objectives is to strengthen and protect the Spirit of Cricket, and the manner by which you have shown your support not only for the Australian team, but also for opposition players and match officials, has served as great example of reinforcing the unique qualities of sportsmanship and respect which make cricket the great sport it is.

In this regard, while we do not have any official relationship with the Waving the Flag supporter group, and on the basis that you do not purport to have any such relationship, we do not have any objection to the activities as outlined in your letter, namely:

- Soliciting of travellers to tour;
- Purchase of tickets through official channels;
- Printing of match schedules on your t-shirts (on the basis that correct naming rights are adhered to);
- Placement of photographs taken by yourself on your internet site, without commercially exploiting those photographs.

Members of the Australian cricket team have commented on their appreciation of your devotion in following the team to even the most remote cricket playing nations, where support for the Australian team is often small in number.

We wish you all the best for your continued support of the Australian cricket team.

Yours sincerely
